The report was accepted as e-mailed.

### 4. Old Business

- **Runway improvement** - more seeding on worked areas-lots of crabgrass. Greg suggested hydro seeding. It should be done in the fall. Use money from last year to do the hydro seeding.

-**Upgrade report**-Nick reported that Steve contacted Coleman to see if he has the old layout. Then Nick can begin data acquisition for a potential paved runway

# 5. Public Input none

**6.** New Business – Website upgrade report. Nancy received the Beta version today. Those present viewed it and comments were favorable. Nancy will send the Beta Version to her committee-Linda Brown and Paula Moore to get their input. Nancy will

speak to Paula Moore about her webpage update. Under Homes for Sale, it was suggested that there be two tabs, one linked to MLS listings on Paula's page and one tab For Sale By Owner. Should Paula's site not work out, it was suggested that we have each homeowner (or their realtor) provide a description of the home and a link to a MLS listing. That description and the link could then be added to our website Home for Sale section. If we ended up with that option, it would just be one section, Houses for Sale, and would include for sale by owner listings and MLS listings as submitted to us rather than an automated listing such as Paula proposes. There is still much to do on the page, but the basic look seems fine.
